Correct

Which application will you use to proactively manage awards from funding to closeout?

- ☐ Task Management
- ☐ Resource Management
- ☒ Grants Management
- ☐ Project Management

Module : Project Management Overview

## Enterprise PM Applications That Work as One

<b>Budgets and Forecasts</b>  Modern graphical analysis of budgets and forecasts	<b>Cost Control</b>  Simplify and streamline project cost processing	<b>Billing and Revenue</b>  Bill for both capital and contract project costs	<b>Grants Management</b>  Proactively manage awards from funding to closeout
<b>Project Management</b>  Intuitive, collaborative project planning and scheduling	<b>Task Management</b>  Task management for team members	<b>Resource Management</b>  Modern and integrated project resource management	<b>Analytics and Insight</b>  Actionable project financial and execution insight

Correct

Which task will you use to create a labor expenditure item manually?

- ☐ Manage Project Costs
- ☐ Manage Unreleased Costs
- ☐ Manage Cost Distributions
- ☒ Manage Unprocessed Costs

The screenshot displays the SAP S/4HANA Project System (PPM) interface. The top navigation bar shows 'PPM00 Instructo...' and a progress indicator for 'Module 12m' at 100%. The left sidebar contains a navigation menu with the following categories:

- Capture**
  - Capture Costs
  - Manage Unprocessed Costs** (highlighted with a red box)
  - Manage Unreleased Costs
- Process**
  - Import Costs
  - Import Commitments
  - Generate Borrowed and Lent Amou
  - Generate Burden Costs
- Review and Adjust**
  - Manage Project Costs
  - Manage Committed Costs
  - Manage Cost Distributions
- Allocate**
  - Manage Allocations
  - Manage Allocation Rules

The main content area shows the task '1: Managing Project Cost' with a search bar and an 'AUTOPLAY' toggle. Below this, a list of tasks is displayed:

- Create labor expenditure item manually** (5m) - highlighted with a red box
- Create labor expenditure item using microsoft excel (7m)

Correct

On which page will you review the cost for a project after creating a manual expenditure item in project costing?

- ☐ Manage Project Cost
- ☐ Manage Unreleased Cost
- ☐ Manage Committed Cost
- ☒ Manage Unprocessed Cost

The screenshot displays the SAP Project Costing interface. On the left, a navigation pane shows the 'Process' section with options like 'Import Costs', 'Import Commitments', 'Generate Borrowed and Lent Amounts', and 'Generate Burden Costs'. Below this, the 'Review and Adjust' section is expanded, and 'Manage Project Costs' is highlighted with a red box. The main area on the right shows the '1: Managing Project Cost' page, which includes a search bar, an 'AUTOPLAY' toggle, and a list of tasks. The first task, 'Create labor expenditure item manually', is highlighted with a red box and has a duration of 5m. The second task, 'Create labor expenditure item using microsoft excel', has a duration of 7m.
